

STARS Congregational Survey

Your Feedback is Important

As many are aware, STARS, our summer literacy and enrichment camp, is heavily funded by [the Duke Endowment](#). STARS is one of two model programs funded by the endowment in the state of North Carolina with an eye to replicating such programs in other communities. As a result, we have been asked to participate in research projects around our program that might be useful for other churches who would like to

attempt a similar program that might also receive endowment funding. As a part of fulfilling our grant requirement, The Duke Endowment has requested that we conduct a [congregational survey](#). Your feedback is important. **The survey is a short 7 questions and should takes no more than a few minutes to complete.** You may complete the survey on line or you may pick up a paper copy will be available at the Welcome Desk on Sunday or Fellowship Hall area during the week. You may also download a survey to print and complete at home and return to the church office by downloading a printable copy and returning it to the church by August 1. Thank you for your assistance.
